Step by step is not working,
We need systemic change

The focus van de Europese Commissie

‘A Union that strives for more’ omschrijft de ambities van de komende 7 jaar.
In de woorden van voorzitter von der Leyen:

1. **A European Green Deal;** “I want Europe to strive for more by being the first climate-neutral continent.”
2. **An economy that works for people;** “I want Europe to strive for more when it comes to social fairness and prosperity.”
3. **A Europe fit for the digital age;** “I want Europe to strive for more by grasping the opportunities from the digital age within safe and ethical boundaries.”
4. **Protecting our European way of life;** “I want Europe to strive for more when it comes to protecting our citizens and our values”
5. **A stronger Europe in the world**; “I want Europe to strive for more by strengthening our unique brand of responsible global leadership.”
6. **A new push for European democracy;** “I want Europe to strive for more in nurturing, protecting and strengthening our democracy.”

Europe has a lifetime opportunity to build back better. This is why we are mobilising unprecedented resources to invest in the digital transition.

Today, we present Europe's Digital Compass, our targets for a just, secure and sustainable digital transformation by 2030:

🎯 A digitally skilled population
▶ 80% of adults with basic skills
▶ 20 million ICT specialists in the EU

🎯 Secure and sustainable digital infrastructures
▶ All populated areas should be covered by 5G
▶ 10 000 climate neutral highly secure edge nodes in the EU
▶ Europe should have its first quantum computer

🎯 Digital transformation of businesses
▶ ¾ of companies should use cloud computing, big data and AI
▶ More than 90% SMEs should reach at least basic level of digital intensity
▶ The number of EU unicorns should double

🎯 The digitalisation of public services
▶ All key public services available online
▶ All citizens will have access to their e-medical records
▶ 80% citizens should use an eID solution
